Tamil Nadu

Summary

Motivated and fast-learning Computer Science student with hands-on experience in Java, Spring Boot, MySQL, REST APIs, JSON handling, and MVC architecture. Built small backend applications and APIs through practical learning. Possesses basic frontend knowledge including HTML, CSS, JavaScript, and React. Eager to gain real-world experience through an internship and grow in a professional development environment.

Experience

HANDS-ON PROJECT EXPERIENCE

User Management System – Java (Servlets, JSP, MySQL)

Built a CRUD-based user management module using Servlets, JSP, and MVC. Connected backend to MySQL using JDBC and designed employee detail tables. Implemented add, update, delete, and list operations with proper request handling.

API Development Practice – Spring Boot + Postman

Created a simple REST API using Controller → Service → Repository layers. Used JSON request/response handling with five key-value fields. Tested APIs with Postman and applied Dependency Injection for clean architecture.

Technical Skills

- Java (OOP, Collections, Exception Handling, File Handling)
- Spring Boot (Controllers, Services, Repositories, Dependency Injection, CRUD APIs, DTO-Entity flow)
- REST APIs (JSON processing, HTTP methods, status codes, Postman testing)
- MySQL (Schema design, joins, queries, integration with Spring Boot)
- MVC & Layered Architecture

Frontend Skills

- JavaScript
- HTML5, CSS
- React (components, props, basic hooks)

Developer Tools

- Git & GitHub
- IntelliJ IDEA , VS Code

Education

- B.E. – Computer Science and Engineering
- Latha Mathavan Engineering College, Madurai
- Graduation Year: 2026
- CGPA: 7.2

Soft Skills

- Hardworking & Dedicated
- Curious and Self-Driven
- Strong Communication
- Team Collaboration
- Problem-Solving Ability
